

Named GP and Patient appointments with registered GP/Surgery

All Shore Medical registered patients must have a named accountable GP at their registered location.

The named GP is largely a role of oversight. It reassures patients they have one GP who is responsible for their care.

Shore Medical where possible will endeavour to book the patient an appointment at their Surgery site and with their usual GP for continuity of care.

If a situation arises where there has been a breakdown in the relationship between the patient and or the Surgery site, the patient can attend an alternative site within the group or see an alternative Doctor.
